

Double Adjustable Rope Lanyard – RLA2

- Kernmantle rope is rope constructed with its interior core protected by a woven exterior sheath designed to optimise strength, durability, and flexibility. The core fibres provide the tensile strength of the rope, while the sheath protects the core from abrasion during use.
- An exclusive Extended Length Energy Absorber (ELEA) designed to protect a worker of up to 160kg, including tools and equipment
- Drop forged lanyard hardware
- Stitching patterns are sewn by computer-controlled bar tacking machinery for precision using UV resistant high tenacity polyester yarn with 100 newton (10kg) breaking strength

Available with end fitting combinations: -

KTRG – Triple Action Karabiner and Rope Grips (**STANDARD**)

Optional versions available on request only

SNRG – Snap Hook and Rope Grips
